WISPR MODEL STORE // VISTAR MODELS

UI/UX Master Pages & Sections Architecture Catalog

A comprehensive structural blueprint of all **39 Web Pages**, **200 UI Sections**, and **6 System Endpoints**. Organized into sequential design classes for phased UI/UX execution.

Class / Module	Category Name	Pages	Total Sections	Design Scope
Class 1	Home Foundation & Master Hub	1	10	Brand masthead, galleries, 5-step process, FAQ
Class 2	Core Institutional & Legal	12	38	Services, About, Find Maker form, FAQs, Terms
Class 3	Specialized Category Showcases	9	27	Architectural, Township, Industrial, 3D printing
Class 4	Regional Hubs & 200-FAQ Engine	10	86	Branch terminal, Pricing table, 200 searchable FAQs
Class 5	The Vistar Journal / Articles	7	39	Blog index + 6 articles with sticky TOC & TL;DR
Class 6	Discovery, AI & SEO Feeds	6	N/A	Sitemap, robots.txt, llms.txt, RSS, API health
TOTALS	**Entire Application Scope**	**39 Pages**	**200 Sections**	**Zero-Defect Full Stack**

CLASS 1: Home Foundation & Master Hub (1 Page · 10 Sections)

1. Home Page (Master Gateway)

URL: https://www.vistarmodels.com/ (Route: /) | **File:** src/routes/home.tsx | **Sections:** 10 Sections

• **1. Hero ():** H1 brand label, high-impact tagline 'The Right Model. The Right Maker', dual CTAs, preloaded 960x548 WebP image, scroll marker.

• **2. Perspective ():** Institutional mission statement, neutral sourcing philosophy ('Understand. Source. Connect.').

• **3. Category Gallery ():** 9-card responsive scale-model categories visual showcase with hover transitions.

• **4. Capability Matching ():** 8 capability verification dimensions (equipment, tolerances, finishes, capacity).

• **5. 5-Step Process ():** Step 1 Share Requirement → Step 2 Clarify Scope → Step 3 Identify Makers → Step 4 Connect → Step 5 Execution.

• **6. Founder Profile ():** Yogendra Yogi credentialing, MSME UDYAM-RJ-17-0536099 certification, strict neutrality.

• **7. Industry Partners ():** 8 target industry badges (Architects, Developers, Infrastructure, Industrial Plants, etc.).

• **8. Journal Teaser ():** 3 latest high-impact sourcing guide cards with read times and direct links.

• **9. Core FAQ Engine ():** 10 native accessible FAQ accordions with embedded FAQPage schema.

• **10. Direct Action CTA ():** Instant WhatsApp launcher, 24/6 hotline call link (+91 83028 06913), requirement intake link.

CLASS 2: Core Institutional & Informational Pages (12 Pages · 38 Sections)

2. About Vistar Models

URL: /about | **File:** src/routes/page.tsx + src/data/site.ts | **Sections:** 4 Sections

- **1. Masthead:** Title 'Better connections. More considered models.' with intro narrative.
- **2. Founder Credibility:** Yogendra Yogi founder bio, UDYAM registration and governance doctrine.
- **3. Editorial Reading Block:** 3 subsections (Consultancy not manufacturing, Our 4-pillar approach, Clear responsibilities).
- **4. Bottom Action CTA:** Requirement discussion banner.

3. Consultancy Services

URL: /services | **File:** src/routes/page.tsx + src/components/page-content.tsx | **Sections:** 3 Sections

- **1. Masthead:** 'A clearer brief. A more relevant search.' with intro context.
- **2. 8 Numbered Services Rail:** Editorial intro + 8 service rows (01 Requirement Consultation, 02 Maker ID, 03 Capability Matching, 04 Scope Clarification, 05 Quotation Coordination, 06 Specialised Sourcing, 07 Multi-category, 08 Network Access).
- **3. Bottom Action CTA:** Sourcing consultation banner.

4. Find a Model Maker (Intake Hub)

URL: /find-a-model-maker | **File:** src/routes/page.tsx + src/components/enquiry-form.tsx | **Sections:** 4 Sections

- **1. Masthead:** 'Let's find the capabilities your project needs.'
- **2. Capability Matrix:** 8 criteria points for matching fabrication partners.
- **3. Interactive Requirement Form:** Multi-field form (Name, Contact, Category picker, Scale/Dimensions, Timeline, Budget, File upload for CAD/PDFs).
- **4. 5-Step Process Summary:** Overview of next steps upon brief submission.

5. Categories Directory

URL: /categories | **File:** src/routes/page.tsx + src/components/category-gallery.tsx | **Sections:** 3 Sections

- **1. Masthead:** 'Different models. Different expertise.'
- **2. 9-Card Visual Grid:** Detailed category cards with high-res photos and direct slug routing.
- **3. Bottom Action CTA:** Requirement consultation banner.

6. Industries We Serve

URL: /industries | **File:** src/routes/page.tsx + src/data/site.ts | **Sections:** 3 Sections

- **1. Masthead:** 'Built around your industry's purpose.'
- **2. 8 Industry Sector Cards:** 01 Architects, 02 Developers, 03 Infrastructure, 04 Industrial, 05 Public Sector, 06 Technical Colleges, 07 Museums, 08 Exhibition Teams.
- **3. Bottom Action CTA:** Direct inquiry prompt.

7. How It Works (Sourcing Workflow)

URL: /how-it-works | **File:** src/routes/page.tsx + src/components/process.tsx | **Sections:** 4 Sections

- **1. Masthead:** 'From a requirement to a relevant introduction.'
- **2. Process Timeline:** 5 visual milestone cards from brief to on-site installation.
- **3. Architectural Reading Block:** 3 guide subsections (Preparing a quotation brief, Comparing scope, Agreeing before making).
- **4. Bottom Action CTA:** Intake prompt banner.

8. For Manufacturing Partners

URL: /for-manufacturers | **File:** src/routes/page.tsx + src/data/site.ts | **Sections:** 4 Sections

- **1. Masthead:** 'Your capabilities. The relevant conversation.'
- **2. Editorial Split:** Sourcing network value, workshop assessment criteria, 'Join Network' CTA.
- **3. Workshop Checklist Block:** What to include (Equipment, tolerances, capacity) and evaluation timeline.
- **4. Bottom Action CTA:** Maker application banner.

9. Become a Partner (Maker Onboarding)

URL: /become-a-partner | **File:** src/routes/page.tsx + src/components/enquiry-form.tsx | **Sections:** 3 Sections

- **1. Masthead:** 'Introduce your workshop.'
- **2. Dedicated Partner Application Form:** Workshop details, machinery list (Laser, CNC, SLA 3D print), past project portfolio URLs, capacity.
- **3. Terms Notice:** Neutrality and submission guidelines.

10. Frequently Asked Questions (FAQ)

URL: /faq | **File:** src/routes/page.tsx + src/data/site.ts | **Sections:** 3 Sections

- **1. Masthead:** 'Good questions. Clear expectations.'
- **2. Accordion FAQ Stream + Direct Desk:** 10 expandable high-relevance FAQs + Call/WhatsApp direct button box.
- **3. Bottom Action CTA:** Requirement consultation banner.

11. Contact Us & Hotline Desk

URL: /contact | **File:** src/routes/page.tsx + src/components/enquiry-form.tsx | **Sections:** 3 Sections

- **1. Masthead:** 'Tell us what your project needs.'
- **2. Direct Communication Terminals:** Phone hotline (+91 83028 06913), WhatsApp desk, Email (vistarmodels@gmail.com), Pan-India service notice.
- **3. Inbound Requirement Form:** Full project intake form.

12. Privacy Policy

URL: /privacy | **File:** src/routes/page.tsx + src/data/site.ts | **Sections:** 2 Sections

- **1. Masthead:** 'Privacy Policy · Last updated 15 October 2026'
- **2. 6 Privacy Blocks:** Information collected, Usage, Database storage, Retention choices, External services, Drawing confidentiality.

13. Terms of Use

URL: /terms | **File:** src/routes/page.tsx + src/data/site.ts | **Sections:** 2 Sections

- **1. Masthead:** 'Terms of Use · Last updated 15 October 2026'
- **2. 7 Legal Blocks:** Sourcing consultancy role, No guaranteed outcome, Client/Maker contract autonomy, Consultancy fees, Applications, Illustrative AI imagery, Permitted use.

CLASS 3: Specialized Model Category Showcases (9 Pages · 27 Sections)

14. Architectural Models (/architectural-makers)

`URL: /architectural-makers | File: src/routes/page.tsx + src/components/category-content.tsx | Sections: 3 Sections`

- **1. Masthead:** 'Find Architectural Models Makers in India' with briefing advice.
- **2. Technical Content ():** High-res photo, consideration notes, 3 scope needs (Plans/elevations, purpose/scale, facade/lighting), other categories link.
- **3. Direct Action CTA:** Dedicated enquiry banner.

15. Township & Master Plans (/township-makers)

`URL: /township-makers | File: src/routes/page.tsx + src/components/category-content.tsx | Sections: 3 Sections`

- **1. Masthead**
- **2. Technical Content:** Masterplan boundaries, phasing, modular base crating, resin water elements.
- **3. CTA**

16. Industrial Plants & Factories (/industrial-makers)

`URL: /industrial-makers | File: src/routes/page.tsx + src/components/category-content.tsx | Sections: 3 Sections`

- **1. Masthead**
- **2. Technical Content:** Piping schemes, equipment layouts, cutaway zones, process flow.
- **3. CTA**

17. Villa & Commercial Models (/villa-commercial-makers)

`URL: /villa-commercial-makers | File: src/routes/page.tsx + src/components/category-content.tsx | Sections: 3 Sections`

- **1. Masthead**
- **2. Technical Content:** Luxury residential finishes, exterior vs cutaway, landscaping, retail podiums.
- **3. CTA**

18. Interior Presentation Models (/interior-makers)

`URL: /interior-makers | File: src/routes/page.tsx + src/components/category-content.tsx | Sections: 3 Sections`

- **1. Masthead**
- **2. Technical Content:** Cutaway room layouts, bespoke miniature furniture, removable roof systems.
- **3. CTA**

19. Exhibition & Presentation (/exhibition-makers)

`URL: /exhibition-makers | File: src/routes/page.tsx + src/components/category-content.tsx | Sections: 3 Sections`

- **1. Masthead**
- **2. Technical Content:** Museum displays, durable enclosures, portable transport flight cases.
- **3. CTA**

20. Engineering & Infrastructure (/engineering-infrastructure-makers)

`URL: /engineering-infrastructure-makers | File: src/routes/page.tsx + src/components/category-content.tsx | Sections: 3 Sections`

- **1. Masthead**
- **2. Technical Content:** Bridges, metro networks, transit corridors, civil engineering mockups.
- **3. CTA**

21. Working & Demonstration (/working-demonstration-makers)

URL: /working-demonstration-makers | **File:** src/routes/page.tsx + src/components/category-content.tsx | **Sections:** 3 Sections

- **1. Masthead**
- **2. Technical Content:** Moving mechanisms, motorization, speed controls, safety servicing.
- **3. CTA**

22. 3D Printing & Components (/3d-printing-components)

URL: /3d-printing-components | **File:** src/routes/page.tsx + src/components/category-content.tsx | **Sections:** 3 Sections

- **1. Masthead**
- **2. Technical Content:** SLA/PolyJet micro-detailing, CAD mesh vectorization, resin finishing, tolerances.
- **3. CTA**

CLASS 4: Regional Operating Hubs & 200-FAQ Engine (10 Pages · 86 Sections)

23. All Branches Hub Directory (/units)

URL: /units | **File:** src/routes/units.tsx | **Sections:** 5 Sections

- **1. Regional Masthead:** 'Our Registered Branches & Operating Units Across India' (MSME UDYAM-RJ-17-0536099).
- **2. Quick Station Bar:** 9 monospace metro hub quick anchor buttons.
- **3. 9 Terminal Rows:** Monospace terminal layout per city (City, State, RERA, Authority, Rating, Address, Highlights, Maps, WhatsApp).
- **4. National Capability Badges:** 3 trust pillars (MSME Verified, Pan-India Crating, 24/6 Technical Desk).
- **5. Contact CTA:** Regional consultation banner.

24–32. 9 Regional City Hub Pages (/units/:city)

URL: /units/jaipur, /units/mumbai, /units/delhi, /units/gurugram, /units/noida, /units/bengaluru, /units/pune, /units/hyderabad, /units/ahmedabad | **File:** src/routes/units.$city.tsx + src/data/units.ts + src/data/units-city-faqs.ts | **Sections:** 9 Sections Each (Total 81 Sections across 9 Hubs)

- **1. Breadcrumb & Fast Switch Bar:** Hierarchy trail + horizontal badge bar to jump to any of the 8 other city units.
- **2. Verification Hero:** City H1, UDYAM registration pill, 5.0 Google rating badge with audited review count.
- **3. Atomic AEO/GEO Direct Answer Box:** 40–60 word dense factual summary for Google AI Overviews & Perplexity citing exact address, RERA & authorities.
- **4. Branch Address & Navigation Terminal:** Official street address, PIN code, direct Phone, WhatsApp, and Google Maps GPS navigation link.
- **5. 4-Card Visual Showcase:** High-Rise, Township, Industrial, Villa cards with city-specific image alt tags.
- **6. Pricing & Specification Table:** 5-column reference matrix (Model Category, Standard Scale, Materials, Production Time, Budget Range ■, Ideal Purpose).
- **7. Editorial Regional Context:** Two-column deep dive: (a) Operational Branch capabilities, (b) Local real estate & authority compliance.
- **8. 200 Questions Knowledge Engine:** Interactive live search bar filtering 200 city-specific technical FAQs with instant zero-CLS accordion rendering.
- **9. Cross-Branch Directory & CTA:** Links to other 8 city hubs + bottom institutional contact banner.

CLASS 5: The Vistar Journal / Articles (7 Pages · 39 Sections)

33. Journal Main Listing (/blog)

URL: `/blog` | **File:** `src/routes/blog.tsx + src/components/blog/blog-index.tsx` | **Sections: 3 Sections**

• **1. Journal Masthead:** 'The Vistar Journal — Scale model sourcing · Articles'.

• **2. Editorial Grid ():** Intro banner + 6 responsive article cards (Date, read time, cover photo, category, title, excerpt) + 24/6 operating schedule note.

• **3. Bottom Action CTA:** Requirement consultation banner.

34–39. 6 In-Depth Journal Articles (/blog/:slug)

URL: • `/blog/how-to-choose-an-architectural-model-maker`
• `/blog/prepare-a-useful-quotation-brief-for-a-scale-model`
• `/blog/matching-a-model-maker-to-project-capabilities`
• `/blog/types-of-scale-models-and-their-uses`
• `/blog/scale-model-timelines-and-budget-considerations`
• `/blog/what-does-a-scale-model-sourcing-consultancy-do` | **File:** `src/routes/blog.$slug.tsx + src/components/blog/article-body.tsx + src/data/blog-posts.ts` | **Sections: 6 Sections Each (Total 36 Sections across 6 Articles)**

• **1. Sticky Architectural Sidebar (Left Rail):** Category pill, author metadata, publication date, read duration, auto-numbered Table of Contents (TOC), quick brief submission box.

• **2. Article Header & Cover:** H1 headline, lead excerpt, and preloaded high-resolution WebP hero figure with caption.

• **3. Atomic TL;DR Answer Box:** High-density 1-paragraph summary for AI search engines (Perplexity, Claude, ChatGPT Search).

• **4. Editorial Body Stream:** 4 to 6 H2 structured sub-sections with checklists, guidelines, and bold lead-in points.

• **5. In-Article Requirement CTA & Related Articles Nav:** Embedded Call and WhatsApp desk buttons + contextual internal reading links.

• **6. Global Bottom Action CTA:** Requirement consultation banner.

CLASS 6: Discovery, AI & SEO Feeds (6 Endpoints)

40–45. System Endpoints & Feeds

URL: `/sitemap.xml, /robots.txt, /llms.txt, /rss.xml, /api/health, /api/*` | **File:** `src/routes/sitemap.xml.ts, robots.txt.ts, llms.txt.ts, rss.xml.ts, api.health.ts, api.$.ts` | **Sections:** `Automated Feeds`

- **/sitemap.xml:** Dynamic XML index generating all 39 canonical URLs with exact ISO 8601 lastmod dates.
- **/robots.txt:** Strict crawl directives permitting Googlebot, GPTBot, ClaudeBot, PerplexityBot, and Google-Extended.
- **/llms.txt:** Markdown knowledge feed designed for LLM citation and agentic reasoning engines.
- **/rss.xml:** Dynamic RSS 2.0 XML feed broadcasting all published Journal articles.
- **/api/health:** Lightweight HTTP 200 health check endpoint for monitoring uptime.
- **/api/*:** Dynamic catch-all API handler for serverless operations.
